Profile Summary

With **4+ years of experience**, I'm much focused on creating Meaningful Experience through interactive designs.

Work Experience

UI/UX DESIGNER

Codesculpt Innovations | Nov 2022 – Present

- Designed and prototyped user interfaces for fintech web applications with an intuitive user experience and smooth interaction.
- Created visually appealing landing pages for eCommerce, optimizing them for user engagement and conversion.
- Designed UI elements and prototypes for affiliate portals and dashboards with better user flows and interactions.
- Contributed to internal projects, including a cab booking application and fintech dashboards, by designing user-friendly interfaces and conducting usability tests.
- Collaborated with product managers and engineers to ship user-friendly, scalable digital solutions.

GRAPHIC AND UI/UX DESIGNER

Alo Groups Pvt Ltd | Aug 2021 – Nov 2022

- Partnered with PMs, engineers, and stakeholders to design customer-centric web and mobile experiences.
- Created engaging visual graphics, marketing creatives, and web interfaces aligned with brand identity.
- Designed dashboards and digital experiences focusing on user engagement.
- Led design review sessions, providing constructive feedback and iterating on designs to align with project goals.

FREELANCE DESIGNER

Self-Employed | Dec 2020 – Aug 2021

- Designed custom UI graphics, web designs, and social media content tailored to client requirements.
- Translated client visions into interactive prototypes and responsive designs using Figma & Adobe XD.
- Managed end-to-end design projects, ensuring timely delivery and client satisfaction.
